

PALS/APLS

Completion of a PALS (Paediatric Advanced Life Support) or APLS (Advanced Paediatric Life Support) course is required for all urgent care registrars.

We recommend that trainees plan to complete their PALS as early as possible in their programme. Therefore we recommend completing a PALS course with an external course provider. The College will reimburse course fees for those who are funded by Te Whatu Ora Workforce Planning and Funding, up to \$1000 (GST excl). The reimbursement form must be completed and all receipts submitted. Contact Alex (tpc@rnzcuc.org.nz) for more details.
